MYSON Shower Curtain Rails use the same high quality brass as our Classic and Traditional Towel Warmers. Each Shower Curtain Rail is manufactured and finished to the same exacting standards as the MYSON Towel Warmers. Each rail is made of one inch diameter brass tube construction. Photos of these products can be seen in the MYSON Full Line catalog.

MYSON TOWEL WARMER Warranty

MYSON warrants your Towel Warmer for a Full Five Years (Ten Years for Stainless Steel models, Two Years for Pearl models, Three Years for Diamond models) against the following manufacturing defects:

1. MYSON warrants the plated or painted finish of your Towel Warmer from manufacturing defects for five years from the date of installation. This means your Towel Warmer finish will not crack, split, peel or flake from the surface of the rails.
2. MYSON warrants the brazed connections and the tubing of your Towel Warmer to be free from leaks for five full years from the date of installation.
3. MYSON warrants your electric Towel Warmer element to heat properly for five years from date of installation.

We are extremely proud of the quality of our Towel Warmers and each piece has been inspected several times prior to its shipment to you to make sure that you receive the very best. There are a few things within reason that are not within the control of our manufacturing processes and are not considered manufacturing defects:

1. MYSON carefully packages every towel warmer to guarantee a safe arrival to you. We do not warrant your Towel Warmer for handling damage once it is removed from our packaging.
2. MYSON does not warrant the finish on your Towel Warmer if you use abrasive cleaners or chlorine-based cleaners. Use of these cleaners will damage the finish beyond repair.
3. MYSON does not warrant your Towel Warmer from damage due to freezing temperatures within your home.
4. MYSON does not warrant your Towel Warmer from damage due to improper installation such as over-tightening water connections on hydronic Towel Warmers or the improper wiring of electric Towel Warmers.

We wish you years of satisfaction and comfort from your MYSON Towel Warmer. MYSON will repair or replace at our discretion any product which fails under these categories. We do not accept liability for any labor cost involved. Should a problem occur, please do not hesitate to contact us.

For complete Warranty information, please contact MYSON at 1-800-698-9690.

TERMS OF SALE AND DELIVERY - SPECIAL NOTES

Terms: 2% 10 days, net 30 days. Finance charge on accounts past 30 days = 1-1/2%/month (18%/annum).

Delivery: All small to mid-sized MYSON Towel Warmers ship either FEDEX Expressaver, FEDEX Ground or UPS. Larger Towel Warmers and other large decorative pieces ship LTL Common Carrier in a wooden crate for protection. All towel warmers are subject to Dimensional Weight charges.

Returns: No returns accepted without an approved RMA. 0-6 months, 25% restocking fee; 7-12 months, 50% restocking fee.

Cancellations: Unopened returned goods are subject to a 25% restocking charge. Credit to be issued is subject to inspection to determine value. Any unwrapped goods are non-refundable.

NOTES: MYSON Towel Warmers come complete with all parts necessary for installation; valves, sleeve kits and wall stays (where applicable) for hydronic units and wire encasement kits for electric units.

Separate replacement parts are available for purchase should any part become damaged or lost during installation.

All MYSON Electric Towel Warmers carry either UL or ETL approval.
