PRESS RELEASE

NEW PEARL ELECTRIC TOWEL WARMERS...

AVAILABLE IN TWO FINISHES

Pearl Towel Warmer: Your towels, lingerie, baby blankets or robes can be toasty warm and mildew free with Myson's new easy-to-install budget Pearl Towel Warmer. Choose from 2 multirail wall models, or their portable floor model. Manufactured from high quality stainless steel and available in the popular matte and bright stainless finishes, this new, affordable, 24" wide Myson Towel Warmer is durable, corrosion resistant and won't flake or chip.

It comes with ETL approval guaranteeing the highest standard of safety and reliability. The illuminated On/Off power switch lets you know when the Towel Warmer is ON. The heating element uses less energy than a light bulb and is so safe it can be left on 24 hours a day, seven days a week.

The Pearl Collection is available in 2 plug-in, wall mount units offering 8 bars and 10 bars, and a portable floor model with 8 bars. The Pearl is backed by Myson's customer service and a 2 year warranty. For more information, www.mysoninc.com or call 800-698-9690.
